Public and Private Enterprise.**

# EDCI Safety Tips!

## Email

- Do check the URL before clicking any link sent via email.
- Do report all suspicious activity and cyber incidents to competent authority.
- Official E-mail account should be used for official purpose only.
- Official E-mail should not be forwarded to personal E-mail account.
- Don't respond to emails received from strangers
- Don't click on links from an unknown or untrusted source
- Don't send any personal or sensitive information, such as credit card numbers, passwords or other private information, through email.

## Mobile

- Do lock your mobile phone when not in use.
- Do keep mobile devices, IP phones etc. physically secured.
- Personal information should be guarded properly. Requests for personal or account information over the mobile should be avoided.
- If a device is lost or stolen, report it immediately to competent authority.
- Always check what permissions are asked by mobile app which you want to install.
- Advisable to check the reputation of the application before installing it.
- Be cautious about using geo-location services. Stalkers can easily access one's location.
- Don't respond to phone calls requesting confidential data.
- Don't leave mobile unattended.
- Don't be tricked into giving away confidential information. It's easy for an unauthorized person to call and pretend to be an employee or business partner.

## Wireless Connectivity

- Do remember that wireless is inherently insecure. Avoid using public Wi-Fi hotspots. When you must use Wi-Fi, use VPN to protect the data and the device.
- Do ensure that the wireless interfaces are disabled by default.
- Don't leave wireless or Bluetooth turned on when not in use. Secure websites using public Wi-Fi should not be used.

## Internet Usage

- Do use latest version of Internet browser.
- Do log-out from web based services, like web mail, before closing the browser session.
- Do close the browser session, after completing the activity in the current web based application.
- Cookies should be allowed from the trusted web sites only.
- Don't enable "save password" and auto-complete features of the browser.
- Don't download or distribute malicious software and tools.
- Don't violate any copyright or license agreement by downloading and distributing protected material.

## Social Networking

- Do use privacy settings on social media sites to restrict access to your personal information. Only add people you KNOW offline.
- If must add strangers, keep your guard up.
- Convincing imitations of banks, card companies, charities and government agencies should be watched out carefully.
- Privacy settings of profile should be checked and make sure they are set to the right level.
- Don't tolerate being uncomfortable.
- Don't post any private or sensitive information, such as credit card numbers, passwords or other private information, on public sites, including social media sites.
- Don't over share the information. Sensitive information like birth date, mother's maiden name, pet's name or any other identifying information should not be shared on social-media platforms such as Facebook, LinkedIn or Twitter. Social media has made cyber stalking much easier. A stalker can easily locate and track their target's every move. Personal tidbits collected over time can give them a whole picture of who you are, where you work, live and socialize

## Where to Report Frauds and Scams in India

### 1. National Cyber Crime Reporting Portal / National Payments Corporation of India (NPCI)

The National Cyber Crime Reporting Portal (<https://cybercrime.gov.in>/<https://www.npci.org.in/>) is a government initiative that allows citizens to report cybercrimes, including financial frauds, phishing and identity theft. The portal is managed by the Ministry of Home Affairs and facilitates the reporting process for online scams.

### 2. RBI's Sachet Portal

The Reserve Bank of India (RBI) Sachet Portal (<https://sachet.rbi.org.in/>) enables individuals to report unauthorized schemes, Ponzi schemes, and other financial frauds. The portal also provides information about registered financial entities.

### 3. National Helpline number is running in all States / UTs

The National Consumer Helpline (<https://consumerhelpline.gov.in/>) is a platform provided by the Ministry of Consumer Affairs where consumers can lodge complaints against fraudulent e-commerce websites, defective products and other consumer-related issues.

### 4. Cyber Crime Cells

Most Indian states have dedicated Cyber Crime Cells where individuals can report cyber frauds. Contact details for these cells can be found on state police websites or through the National Cyber Crime Reporting Portal. For West Bengal and Kolkata ([www.kolkatapolice.gov.in](http://www.kolkatapolice.gov.in) / [www.wbpolice.gov.in](http://www.wbpolice.gov.in))

### 5. SEBI Complaints Redress System (SCORES)

The Securities and Exchange Board of India (SEBI) Complaints Redress System (SCORES) (<https://scores.gov.in/>). allows investors to lodge complaints against listed companies and intermediaries registered with SEBI.

### 6. Sancharsathi

For phone related any complains (<https://ceir.sancharsathi.gov.in/Home/Index.jsp#>).

# CYBER CRIME COUNTER CORPS (CCCC)

## Emerging Cybercrime in Indian Cities:

New technology invention and more digital platforms bringing new challenges and risks of cybercrimes. Since its inception, 1930 which is cybercrime reporting helpline for citizens had received over 9.9 lakh complaints nationwide. Mumbai lost around Rs. 1200 crore due to cybercrime during 2024, 350% increase in cybercrime compared to 2023. There is an increase in cybercrime by 113.7% from 2021-2022 and 60.9% from 2022-2023. On an average more than 6000 cybercrime complaints are registered per day as reported by NCRP between 2019 to 2023.

## Initiative by EDCI

EDCI has been taking initiative to create awareness among people from various states of India. Now by engaging and deploying volunteers CYBER CRIME COUNTER CORPS (CCCC) in every district of India, it will strengthen awareness programme to make Indian people aware of newly emerging digital fraud such as loan apps, job fraud, crypto scam, supply chain attack, digital arrest, gold finance scam etc. in real and virtual world.

**Mission: To protect every home in India from cybercrimes by reaching all corners of the Indian societies**

## Who can join

**Students /NGOs/Cybersecurity Professionals/Retired Persons**

## Benefits for The Volunteers

CYBER CRIME COUNTER CORPS (CCCC) will be independent volunteers who will be entrusted to create Cybercrime Awareness Programmes in different districts of a state.

1. On successful completion of awareness programme the Volunteers will receive Rs.1000/- for every successful event.
2. Volunteers will also receive 10 hrs training programme and Certificate in Cyber Security from EDCI.
3. Performing candidates will be absorbed by EDCI as Cyber Security Professionals, Investigators etc.
